

MONTHLY CONCERT SERIES

Are you looking for some great entertainment? Find it right here in West Bountiful at our free local featured artist performances presented by the Arts Council.

July No Concert

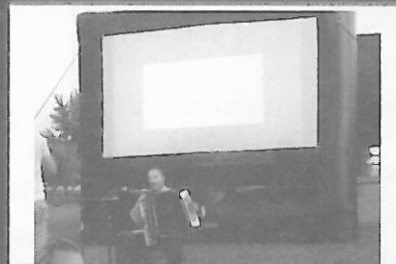

Saturday, June 28
Independence Day Talent Fair
City Park - After the Parade
10:00 pm - 1:00 pm

Join us at the park after the parade for our 3rd annual Talent Fair featuring live local entertainment, a cookie contest, a children's area packed with music, movement, crafts, animal balloon art, theater opportunities and much more.

For information on participating see the talent fair flyer in the newsletter or go to the arts council web site at <http://westbountifulartscouncil.org/participate.html>

August Movie at the Park

Friday, Aug 8, 2008
Pre-show Entertainment
City Park

Sit on the hill or bring your lawn chairs, blankets, and goodies to our 2nd annual family/community movie at the park event.

The movie will be shown on a giant blow up screen, at the West Bountiful City Park.

Enjoy the pre-show entertainment while we gather and wait for the movie to begin as it gets dark.

September Founder's Day Play

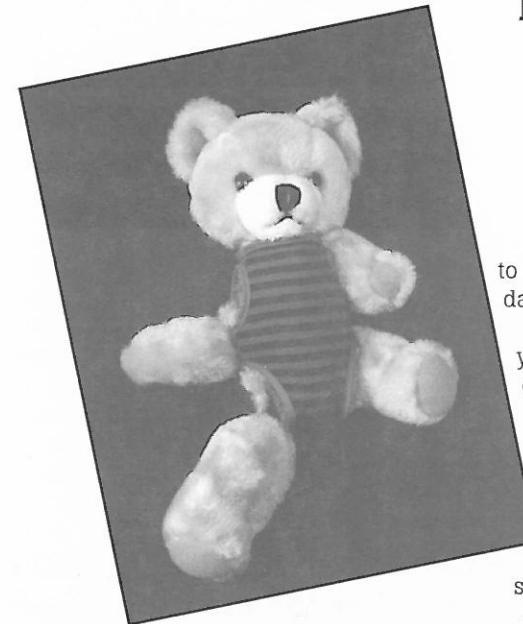

Sept, 11, 12
Play & Memorial Fun Run
City Hall

Our 3rd annual Founder's Day celebration this year will feature a hilarious, historical, musical production. The play was written and produced by local residents, based on real life events and of course will feature the best in local actors and actresses. You won't want to miss this production at city hall, which will be performed on a uniquely designed stage accommodating a variety of sets which fit perfectly in the council chambers.

Get your tickets early as there will be limited opening night seating. A second performance will be held on Saturday evening after the fun run.

FEATURED ARTISTS

There will not be any featured artist displays at City Hall during the months of July, August and September. The Arts Council would like to thank those who have been willing to display their work during the past 3 years. Please share with us names of artists in our community whose work we should consider for future displays.

Don't Hurt the Child

Public Works Report

The city has purchased a new back-up generator that will help in keeping the city offices open for an emergency command center. Special thanks to Alan Malan for assisting with the emergency response radio system. Citizen Committees and City Council are working toward an emergency plan that will be presented to the citizens in the near future.

Just a friendly reminder to keep grass clippings and other debris out of the curb and gutters. This will help to keep our storm drain clean. Remember—We all live downstream.

Please keep trees that grow in the parkway area of your residence trimmed 7 feet above the sidewalk for safe passage of pedestrians and 14 feet above the streets and curbs for vehicles. In addition, it would be helpful to our city crew if you could trim around water meters, fire hydrants and street signs that appear near or on your property. Your help in these matters will make West Bountiful a better place to live.

The West Bountiful Park restrooms have been painted and fixed up for your added pleasure in enjoying the facilities at our park. Please assist us in keeping these improvements nice.

Take pride in West Bountiful. The Mayor, Staff and City Officials will be placing an emphasis on beautifying our city. Your help is needed and greatly appreciated as we strive to make West Bountiful a beautiful place to live.

Stand back and take a look at your property from your neighbor's viewpoint. Ask yourself, what you could do to make improvements to your personal area. Sometimes it's a splash of paint here and there. It may be as simple as removing junk and old treasures that you do not use, or pulling weeds that are unsightly. Whatever it is, let's all work together to do our part in making West Bountiful a beautiful place to live.

We will be working to put together citizen's that are willing to share the resources they have to assist others in cleaning up their property. If you are interested in being a part of a community team that citizens can call for services at a possible reduced rate, please contact Councilmember McKean.

From the Police Department

Summer Safety Includes Protecting Children

With summer upon us, look not to the obvious, but to the 'hidden dangers.'

Dr. Kate Grossman states that your family car is one of the 'hidden dangers,' and it is not just because of car accidents. In addition to the risk of getting hit or run over by a car, being left or getting trapped in a hot car can be just as deadly a danger.

- Infants and toddler are simply forgotten in their car seat
 - Toddlers or preschoolers sneak into the car to play and can't get out
 - Kids get trapped in the trunk
- In addition to the risk of being abducted if they are left alone in a car, or possibly in a car accident being parked in their car, on a typical SUMMER day, the temperature inside a car (even with the windows rolled

down a little) can quickly rise about 120 to 140 degrees. At those temperatures, kids are at great risk for heat stroke, which can lead to a high fever, dehydration, seizures, stroke and ultimately death.

Remember, a locked car sitting in the summer sun quickly turns into an oven—and temperatures can climb from 78 degrees to 100 degrees in just three minutes, to 125 degrees in 6-8 minutes.

Even on a relatively mild day, car temperatures can rise above 100°

Also, be on alert for cars that might have an unattended child left inside. If you see a child alone in a car, be sure to call 9-1-1 and help make sure the child gets out as soon as possible.

The danger of being left alone isn't limited to kids getting overheated. Simply leaving the car running and the air conditioning on doesn't make your child any safer, even if it is just for a few minutes. Your child might be abducted, accidentally put the car into drive, or even get caught in a closing window. The engine could even quit.

When in addition to checking the backyard pool and any other bodies of water, be sure to check inside the car and trunk of any nearby vehicles.

And please, SLOW DOWN. With the children being out of school, the neighborhoods will be safer if EVERYONE slows down. With more children playing in the roadways, riding their bikes, scooters, and tricycles, SLOW DOWN...

Davis Arts Council Features Ryan Shupe, Kansas, Richard Marx

70's rock group Kansas, 80s pop idol Richard Marx and local favorites Ryan Shupe and the Rubberband headline the Davis Arts Council Summer with the Stars series. For tickets call 546-8575
